9 November 1982

NOTE FOR:

Director, OPBC/ICS

STAT

SUBJECT: Letter of Appreciation

STAT

It is a pleasure to receive letters such as the one attached from General Marks conveying his appreciation for your outstanding presentation to his Workshop. Explaining the CPB may seem like an easy task to you, but it is clear that members of the Community appreciated your explanation of the system and how it relates resources to capabilities against intelligence targets.

Our staff needs this kind of positive relationship with all elements of the Community. Keep up the good work!

REPLY TO  
ATTN OF:

IN

2 NOV 1982

SUBJECT: Letter of Appreciation

TO: Director, Intelligence Community Staff

1. Please convey my sincere appreciation to [ ] Office of Program and Budget Coordination, for his support to our Intelligence Programmers Workshop, 12-15 October 1982.

STAT

2. [ ] briefing and discussion on Capabilities Programming and Budgeting (CPB) provided a comprehensive overview of the basic management process for developing the National Foreign Intelligence Program. As a result of his presentation, all Workshop participants have a better understanding of the CPB system and how it relates resources to capabilities against substantive intelligence targets.

STAT

3. Once again, my sincere thanks to [ ] for his outstanding contribution to the success of our Workshop.
